

SAVE OUR PITHEAD

10am Saturday
25th July

After 31 years bitter struggle to save Hatfield Main Colliery the Tories have finally been successful and within weeks of office have engineered the sudden closure of the pit, with 1000 years of coal abandoned and more miners and their families thrown on the scrap heap. Their war of ethnic cleansing against the miners is nearly complete.

NOW THEY SEEM DETERMINED TO PULL DOWN THE HEADGEAR AND WIPE THE SITE CLEAR OF ANY MEMORY OF THE CENTURY OF TOIL, DEATH AND STRUGGLE WHICH IS MARKED BY THEM.

We are determined that must not happen! Join us in a mass rally at the roundabout on Wagonway by the Hatfield Main pit entrance

10 am Saturday 25th July and demonstrate your support and fight to save these headstocks in tribute to all the men and women of these communities who have fought, toiled and died during the century 1915-2015. THEY SHALL NOT BE MOVED.
